

ThinkTech! Alternative Proteins

Practicalities and logistics for the 2022 edition

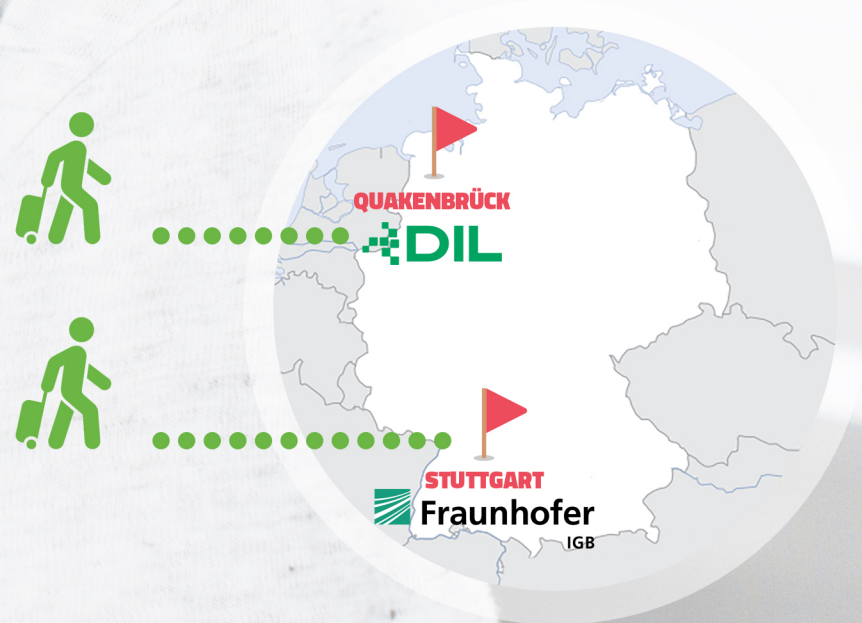

Get the best out of the two practical live demonstrations in Germany, at Fraunhofer IGB in Stuttgart and at DIL in Quakenbrück

During the two days of the course, on site participants will be involved in two live practical demonstrations:

- on day 1, **Nov. 29th** at Fraunhofer IGB, in Stuttgart;
- on day 2, **Nov. 30th** at DIL e.V., in Quakenbrück.

ON SITE participants will have to choose in which location - Quakenbrück OR Stuttgart - they prefer to attend the course. Presentations and live demonstrations that are performed in presence at one location, are broadcast live and online to the other location.

Therefore, participants are not travelling from one location to the other: they can enjoy the presentations of all technologies at one site!

Check the following page to see how to get to DIL (Quakenbrück) or to Fraunhofer IGB (Stuttgart).

How to go to DIL in Quakenbrück?

The address of the DIL building where the course will be held is:

DIL Deutsches Institut für Lebensmitteltechnik e.V.
Prof.-von-Klitzing-Str. 7
49610 Quakenbrück

INFO

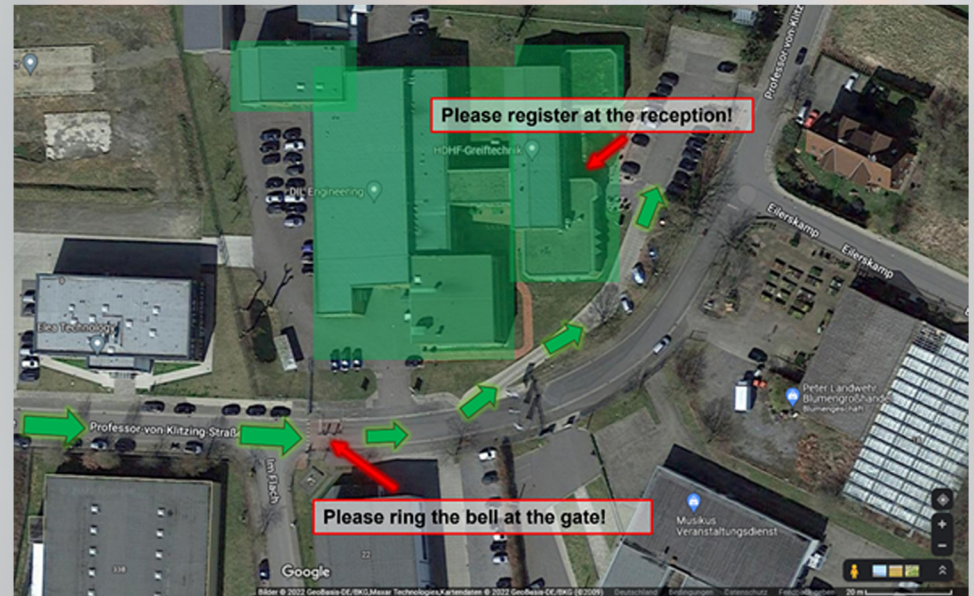

When you arrive to the area of DIL, please ring the bell at the gate. The receptionists will open the gate and advise you to enter. You can drive with your car directly to the parking spaces near the reception (see the map on the right).

Please **register** at the reception. The receptionists will guide you to the appropriate seminar room.

HOTELS

We would like to recommend some hotel in Quakenbrück where you can stay. All of them are near the DIL, so that you come on foot from the hotel to DIL:

- Bahnhofshotel, Tel. 05431 / 2253
<https://www.bahnhofshotel-quakenbrueck.de/>
- Hotel Niedersachsen, Tel. 05431 / 94 77 – 0
<https://www.hotelniedersachsen-quakenbrueck.de/index.php/de/>
- Hotel Hagspihl, Tel. 05431 / 2233
<http://www.hotel-hagspihl.de/>

How to go to Fraunhofer in Stuttgart?

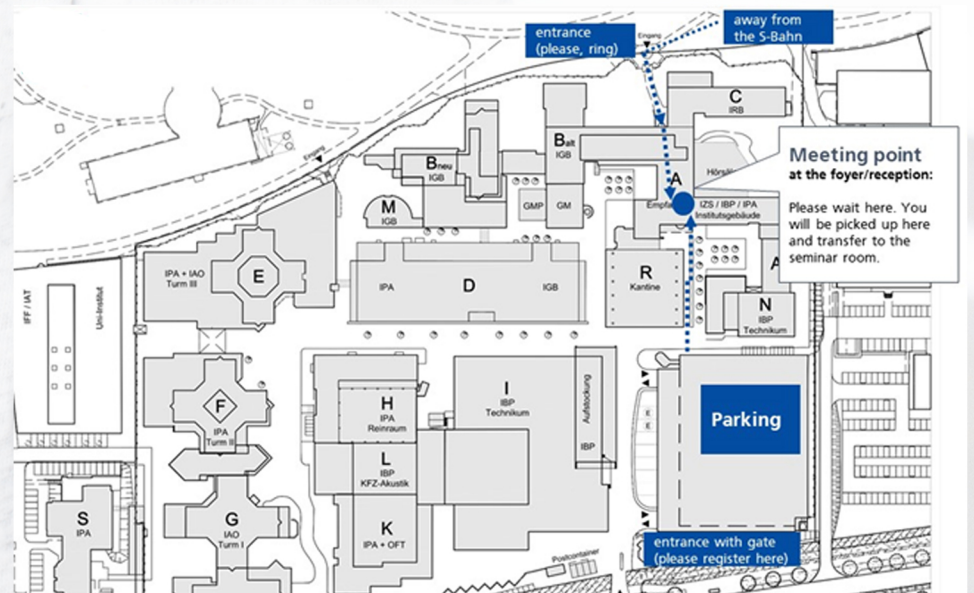

The address of the Fraunhofer building where the course will be held is:

Fraunhofer-Institut für Grenzflächen- und Bioverfahrenstechnik IGB
(Fraunhofer Institute for Interfacial Engineering and Biotechnology IGB)
Nobelstraße 12
70569 Stuttgart

INFO

Please consult the Fraunhofer's website page to see how to reach the building at this page:
<https://www.igb.fraunhofer.de/en/contact/directions.html#6>

When you arrive, please ring the bell at the gate and then **register** at the reception.

Please feel free to contact Dr. Karin Wiesotzki via mail (k.wiesotzki@dil-ev.de) or phone (+49 5431 183 313) for any information about the course.
