

European Database on Industrial Side-Streams

- **Meet** Suppliers, Users & Processors of Side-Streams
- **Post** & Search Side- Streams
- **Get** compositional Information
- **Search** for target constituents
- **Connect** to *Circado OTC* or *Spot* to trade your Side-streams

The Circado Database collects industrial side-streams and materials. The DB offers extra services which systematically capture compositional data of the side streams or that propose value adding processing steps.

@ Side-stream suppliers

have your side-streams analysed via our partners

@ Side-stream users

search for actives and nutritional composition of your interest.

@ Processors

leverage our processing toolbox.

contact us via info@circado.io

CIRCADO

DATA

BASE

BY RETHINKRESOURCE
AND EIT FOOD

How It Works

For Suppliers

1. Register via www.circado.io
2. Register your Side-Stream
3. Choose an analysis and submit samples to our Lab
4. Analysis data will be directly linked to you registered Side-Stream

For Users

1. Register via www.circado.io
2. Search the database for composition or other criteria.
3. Get a market overview and connected to suppliers
4. Interested in buying a certain side-stream? Buy it via www.circado.io.
